

Equitable Briefing Policy

Crown Law and the New Zealand Bar Association are pleased to announce that Crown Law will work with the NZBA to assist in the monitoring and reporting of the NZBA's Equitable Briefing Policy.

The NZBA has been committed to developing a referral bar that reflects the diversity of the legal profession and the wider community and the Equitable Briefing Policy, an initiative of the NZBA, was designed with this in mind. The Attorney-General launched the policy at the 2009 NZBA annual conference.

Crown Law endorses the Equitable Briefing Policy, and requires in its own briefing policy that counsel are briefed in accordance with the Equitable Briefing Policy.
